

PRESCHOOL NEWSLETTER

October 2022

NURSERY RHYMES

We loved learning all the Nursery Rhymes and about rhyming words in general. We also had lots of fun trying to find words that rhymed with our own names and enjoyed doing different crafts about the nursery rhymes.

The highlight of the Nursery Rhyme Theme was our Humpty Dumpty Science Experiment where we tried to predict whether boiled eggs will crack or not when the bags were filled with different materials.

SPRING IS HERE!

Spring is here and everyone loves spending time outside. We especially enjoyed our Spring Day picnic.

Please remember to pack a hat, sunscreen and a water bottle.

We have water dispensers at school, so we can refill bottles as needed.

DINOSAUR THEME

EXPLORING DINOSAURS

We have had so much fun this past month learning about **DINOSAURS**.

We have found that learning their names can be quite difficult, but we enjoy trying to pronounce all the different dinosaur names.

We have also learnt about what the different dinosaurs eat (herbivores and carnivores).

Lots of dinosaur crafts taught us about skeletons, fossils and how volcanoes erupt.

VOLCANO FUN

DINOSAUR MUSEUM

We set up our own Dinosaur Museum with all our dinosaurs, activities and resources, to show our parents what we learnt and all the fun activities we did.

DINOSAUR CRAFTS

UPCOMING THEME

For the next few weeks, we will be focusing on Healthy Eating and will learn more about the different food groups.
