

That's the things about books. They let you travel without moving your feet.

THE WORLD AROUND US

Exploring everyday materials- kids will explore this concept using a range of physical items.

In the Oceans and Continents unit we will be learning some fun facts about them.

LEARNING FOCUS

Math- We will begin our unit about money. At the end of this unit we will be setting up a market to demonstrate money transactions. We request all the parents to participate fully in the entrepreneurship day to encourage our children.

EVENTS

6th-13th March- School Holidays
14th March -First day of school.
