

PRESCHOOL NEWSLETTER

APRIL 2024

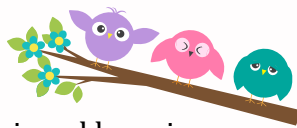

Look What We Learned

THEMES:

During the past month, we continued our themes on animals, focusing specifically on birds and fish and learning more about their different characteristics and life cycles.

BIRDS

The children enjoyed learning about different birds, the varying size of their eggs and the sounds they make. They especially enjoyed the crafts, making their own nests and decorating them with feathers.

FISH

Our Preschoolers also enjoyed learning about the characteristics of fish, their habitat and what they eat. They loved taking part in a variety of crafts like growing their own fish eggs, making rainbow fish, salt painting on jelly fish, sponge-painting sharks and life cycle spinners.

LIFECYCLE OF A FISH

Learning the different stages of the lifecycle of a fish was lots of fun.

Reminders

RECYCLING

Our classrooms are still looking for donations of toilet paper rolls, boxes, egg trays and other recyclable items for some upcoming projects.

EARTH DAY

Earth Day is on 22 April and we look forward to teaching the children more about looking after their immediate environment and the earth in general.

RECYCLING EXHIBITION

26 April - please join us to look at all the different projects from recyclable items our Preschoolers will chowcase.

EDUCATING OUR CHILDREN
IS A KEY INGREDIENT IN THE
RECIPE TO SAVE OUR EARTH!

Learning about Birds

Favourite Birds for Show & Tell

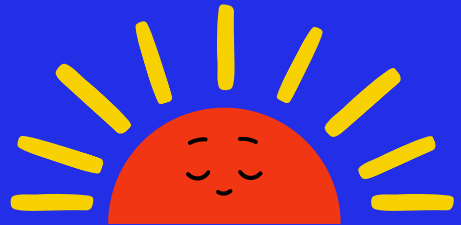

Learning about Fish

EASTER FUN

Easter Crafts

The children had lots of fun making a variety of Easter egg crafts both in class and with Ms Novisha during Art lessons. They made masks and decorated Easter eggs and Easter baskets.

Easter Egg Hunt

The excitement ran high and everyone enjoyed exploring the Preschool playground to find the hidden Easter eggs.

The children also enjoyed taking home their special Easter treat in their self-made baskets.

Birthdays

- 2 - Eliana
- 15 - Oz
- 18 - Lineo
- 24 Sebastian
- 27 - Manuela

HAPPY EASTER!
